Re: Work Being Done Outside of Site  
on Grand/Illinois/McClurg/Columbus

Dear Verneta:

As we have previously discussed, I believe the City and Commonwealth Edison are doing work in the surrounding streets around the site. To my knowledge they are not doing anything within the curb line. However, I did want to make you aware of the situation in case there is any action that they are doing that may be of concern to you or if you feel they have the need to be notified. Should it be appropriate to notify them, I believe it should be by your office. Please let me know if you have any questions.

Sincerely,

James I. Stoller  
Vice President  
Management and Development
